What you pack in is completely up to you! We've seen a lot of people gravitate toward plastic drawers, but we also have people who pack in trunks, duffle bags, plastic containers, suitcases and more.

With so many campers around, things sometimes get lost, misplaced, or put in the wrong bag. You can help prevent items being lost by labeling them with your child's name.

Camp Weed is an unplugged environment, so it is important to please remember phones, ipods, and other electronics are not allowed and will be confiscated.

*Nalgene Bottles are available for purchase at the camp store for \$15
